**Subject: Letter of Recommendation  
Miami South Terminal Expansion**

Mr. Namm,

On behalf of Hensel Phelps, I would like to extend to Artistic Surfaces sincere thanks for the effort produced on this project. The commitment on the part of your employees to produce quality is evident. This provides for a level of success as we work together to ensure a successful completion to this very demanding and high profile project.

I can assure you that based upon the level of performance Artistic Surfaces has exhibited here at the South Terminal Expansion that I will recommend your company for other airport work and other types of projects.

Thank you for allowing me to provide this recommendation for Artistic Surfaces and personally to you and your staff for your commitment to provide a quality project.

Sincerely,

HENSEL PHELPS CONSTRUCTION CO.
