February 7, 1005

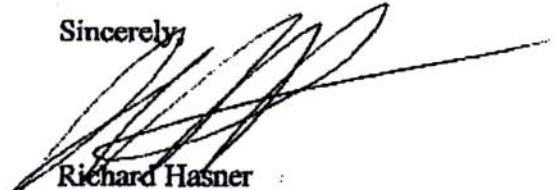

To Whom It May Concern:

Artistic Surfaces was unequivocally the best Subcontractor for our "TAPAS" Restaurant. They were creative in their design and followed through with all their "promises" until completion.

Most importantly the workmanship was "excellent" as is evident with the many patrons who marvel at the entry of the restaurant.

I would have no hesitation to recommend Mr. Namm and Artistic Surfaces regardless of size or complexity of any project.

Sincerely,

Richard Hasner
President
